

Instructions for Task 2: Revising and Reviewing the 15 poems:

1. Look at the overview of the themes and the poems that have been categorised / linked to the themes in the file 'themes basic'. Do you agree with where the ticks are placed? Could some of the poems be linked to more than one theme? Write down your thoughts.
2. Print off (or draw out) the table in the document called 'comparison grid- themes' and for each poem tick where you think each poem covers a particular theme. You can tick as many boxes as you see fit in order to indicate which themes are relevant to each poem.
3. Complete the grid below suggesting which poems may be good to compare in terms of thematic links:

Poem 1	Poem 2	Theme that links these two poems.
<i>Exposure</i>	<i>Remains</i>	The effects of war on humans.
<i>Storm on the Island</i>	<i>Exposure</i>	The Power of Nature over humans. (Destructive).
