

Vision Statement

Our college mission statement is for all students to achieve greater heights. In careers education, this translates as every student making the right choices for their progression. By supporting students with decisions at crucial stages, informing them of all their options and introducing them to the world of work, we aim to prepare them for the world of work whichever pathway they choose.

Milestones and Learning Outcomes

Year 11

During year 11 students will be encouraged to study hard for their GCSE's whilst being supported to make and apply for post 16 choices.

Supported by 1:1 Careers appointments with CSW to develop ideas.

They will have chances to look further ahead at potential careers by encounters with employers, training providers, industry experts and alumni.

Year 10

During year 10 students will be encouraged to study hard for their GCSE's whilst being given opportunity to explore Post 16 Education; A-Levels, apprenticeships, BTEC's etc. and careers.

They will be given opportunities to practice interview techniques, start writing their CV's and go on work experience. All of these things aim to give them lots of employer encounters and real life experiences to make informed decisions about their futures.

Year 9

During Year 9 students will continue exploring careers and what paths they need to take in school to be able to succeed. Developing decision making skills, and reasoning for choices.

They will be choosing GSCE options that reflect their career goals and interests.

Year 8

During Year 8 students will continue exploring different careers and what paths they need to take in school to succeed

Starting to link careers to their potential GCSE options
Develop knowledge of apprenticeships

Year 7

During Year 7 students will start exploring careers and what paths they need to take in school to be able to succeed.

They will be introduced to SJH careers and introduced to the Unifrog platform.
